MISSIONS:

Costa Rica: In 2020, Kelly and Payton had the opportunity to travel to Costa Rica and set up a dental clinic alongside a team who took preventive well visits and care to children and an ob/gyn clinic to the underserved there. In 2021 Corbett and Kelly returned to Costa Rica to pray and discern where teams might best serve the people. Summer 2022: we are hoping to return as a family and serve in medical, dental and optical clinics. Corbett will of course lead a construction team to help with buildings and improvements/additions needed to better serve the people of Costa Rica with satellite clinics and buildings to better serve the community and children at the orphanage. We will also lead other teams over to serve at the orphanage and to serve alongside the local church in various areas of Costa Rica and share the love of Jesus with all we encounter.

Your continued support and prayers make all of these opportunities a reality. Here is how you can get involved:

GO! We would love to talk to you or your church group or friend group about going on a trip with us.

GIVE! Your financial support allows us to go and serve on medical, optical and dental teams and provide services to groups of people who lack access to care and life's basic necessities.

You can send your donation to FUMC Waco 4901 Cobbs Drive Waco, TX 76710 and in memo area: Faulkenbery Mission in COSTA RICA.

PRAY! Prayer is powerful. Please pray for the gospel to spread to the ends of the earth and that the love of Jesus is felt around the world. Pray for our safety and the safety of missionaries around the globe that are serving and being the hands and feet of Jesus.

Remember: He doesn't always call the equipped, but He always equips the called.

CORBETT'S MONTHLY TIPS:

Regular car maintenance like oil changes, tune-ups, tire pressure checks and tire rotations are a given when owning a car. Have you ever thought about house maintenance? Let me recommend a home and roof inspection. This could save you potentially thousands of dollars in costly repairs. Roof inspections are good to do after winter months. Trimming tree limbs also can help prevent damage to your shingles and decking as spring storms can cause dead limbs to drag and break causing extensive damage. Cleaning out gutters and placing gutter guards can keep everything flowing freely. Here are a few tips in the right direction to help prevent some costly repairs:

- 1-Take a walk around your home's perimeter and take a look. Trimming hedges below window level around your home and removing leaves and debris that can build up during winter months help to keep intruders away as high unkempt hedges give intruders a place to hide, and provide unwanted pests a place to acquire entry to your home.
- 2-Have your sprinkler system checked and keep your lawn watered. This helps prevent cracks in the ground around your foundation which in turn can lead to shifting of your home.

SERVICE WE PROVIDE:

- **Kitchen & Bathroom Remodels**
- **Patio Covers/Pergolas**
- **Outdoor Rooms/Kitchen**
- **Screen Rooms/Sunroom**

DID YOU KNOW A PERGOLA LIKE THE ONE PICTURED ABOVE CAN BE INSTALLED IN LESS THAN ONE WEEK'S TIME?

WHAT ABOUT ADDING AN OUTDOOR KITCHEN AND CREATING A GATHERING SPACE?

Outdoor spaces add value to your home as well as your outside time! And there are different colors and materials to choose from to go with the color of your home. Consider combining this with a patio cover or outdoor room to create your outdoor oasis to enjoy the beautiful Texas sky and entertain family and friends for years to come.

The possibilities are endless. Call us today at 254-759-1147 and let's create your outdoor oasis together.

UPCOMING EVENTS:
